OBJECTIVE

We shall work in partnership with donors, international organisations, national authorities, local institutions and others to strengthen human security and help build resilient communities. We shall reduce risks to peace and security through clearing landmines and other explosive remnants of war (ERW), assisting mine/ERW victims and responding to humanitarian needs of survivors, family members and communities.

We shall protect civilian populations by disposing of obsolete weapons and ammunition in safe and environmentally sustainable ways, promoting secure ammunition stockpile management and preventing unplanned explosions at storage sites.

Operating at the nexus of humanitarian, development and peaceful concerns shall remain our principal arena, improving livelihoods, promoting gender equality, protecting the environment, strengthening public health and building resilience.

MEASURING PERFORMANCE

We recognize the importance of measuring our and our partners' performance.

We shall measure our joint achievements of strategic objectives, efficiency and effectiveness of our policies and procedures, and the overall quality of our work.
