

# 2026 PORTFOLIO OF PROJECTS

## INTRODUCTION

ITF Enhancing Human Security's Portfolio of Projects for 2026 is a strategic collection of projects in **24 countries/territories** and regions of Europe, South Caucasus, Africa, Middle East and Central Asia. ITF has developed it with its field partners and/or respective national or regional authorities. The Portfolio includes projects with already confirmed full funding, projects that require partial funding and projects that are not yet funded.<sup>1</sup>

The purpose of the Portfolio is to provide an overview of ITF's varied capacities and capabilities, as well as the needs of beneficiary countries/territories it has recognized and seeks to address. With partial or full implementation of the Portfolio, ITF will promote enhanced human security in post-conflict and developing countries/territories affected by landmines/explosive remnants of war or other impacts from conflict. Thereby, ITF will address a number of salient issues faced by affected societies, and advance its Strategy by following its established guiding principles.

ITF Portfolio of Projects 2026 includes **88 projects** in the total amount of more than 121 million USD. As a dynamic and ever-changing compilation, the Portfolio can serve as a cornerstone for the development of new project ideas by interested parties. ITF therefore encourages partners, donors, affected countries, (potential) beneficiaries and other interested parties to use the Portfolio as a resource for reasonable use of available resources or funding opportunities.

Upon request ITF will gladly make available more details on each of the envisaged projects, including the background information on the targeted countries/territories and project rationale.

<sup>1</sup> Information on funding availability is provided for each project under the column Project Cost in USD (total) & Funding Availability, and is marked as one of the following three categories: FULLY FUNDED [●●●], PARTIALLY FUNDED [●●○], NOT FUNDED [○○○]. Project costs marked with TBD (to be determined) will be defined upon implementation of assessment or upon expression of donor interest.

No.	Project Title	Project Period	Total Project Cost & Funding Availability	Project Summary
-----	---------------	----------------	--	-----------------

## SOUTH EAST EUROPE

\$ 25,154,639

### ALBANIA

1	Procurement of raw materials and components for the Prosthetic Workshop of Kukes Regional Hospital	2026	\$ 60,000 [NOT FUNDED] ○○○	The project objective is to improve the healthcare and social conditions and services for mine/UXO survivors and other disabled and amputees through provision of supplies to Kukes Hospital for Prosthetic workshop.
2	Physical Security and Stockpile Management (PSSM) Support	2025–2027	\$ 1,232,239 [FULLY FUNDED] ●●●	The overall goal of the project is to reduce the threats to human security posed by weak storage conditions of SALW/firearms and ammunition storage facilities in Albania.

### BOSNIA AND HERZEGOVINA

3	Mine Clearance Program	2026–2027	\$ 1,000,000 [PARTIALLY FUNDED] ●○○	Through this program safe environment for the population of Bosnia and Herzegovina will be achieved in line with the national mine action plan of Bosnia and Herzegovina (in coordination with Bosnia and Herzegovina Mine Action Centre, ITF and donors). Mine Clearance operations on locations throughout BIH will be carried out, based on submission of offers procedure.
4	Technical Survey Program	2026–2027	\$ 2,000,000 [PARTIALLY FUNDED] ●○○	Through this program safe environment for the population of Bosnia and Herzegovina in terms of accessibility, use of land, safe movement will be achieved in line with the national mine action plan of Bosnia and Herzegovina (in coordination with Bosnia and Herzegovina Mine Action Centre, ITF and donors). Technical survey operations on technical survey locations throughout BIH will be carried out, based on submission of offers procedure.

5	Land Release projects in various BiH municipalities	2026–2027	\$ 3,000,000 [PARTIALLY FUNDED] ●●○	The project goal is to render mine-safe municipalities through land release projects and methods. The LR projects will save and improve lives and support economic recovery of multiple various municipalities. It will also encourage interest in land release activities to declare all of Bosnia-Herzegovina mine-safe.
6	Support to Civil Protections with Required Technical Equipment	2026–2027	\$ 300,000 [PARTIALLY FUNDED] ●●○	Within this project the Civil Protection demining units of each entity (Federation of BiH and Republika Srpska) will be supported with upgraded technical capacities required for maintaining good standard of operations.
7	Support to Bosnia and Herzegovina Mine Action Centre (BHMIC) with Required Technical Equipment	2026–2027	\$ 300,000 [PARTIALLY FUNDED] ●●○	Within this project the Bosnia and Herzegovina Mine Action Centre (BHMIC) will be supported with upgraded technical capacities required for maintaining good standard of operations.
8	Support to BiH Armed Forces Demining Battalion	2026–2027	\$ 300,000 [PARTIALLY FUNDED] ●●○	Within this project the BiH Armed Forces Demining Battalion will be supported with upgraded technical capacities required for maintaining good standard of operations.
9	Assessment of BH Accredited Demining Companies and Organizations	2026–2027	\$ 200,000 [FULLY FUNDED] ●●●	The goal of this project is ensuring that demining organizations and companies, which apply to ITF tenders maintain high and satisfactory standard of organization, equipment and quality of field work.
10	Beekeeping as empowerment tool for people with disabilities	2026–2027	\$ 110,000 [PARTIALLY FUNDED] ●●○	The project aims to involve mine and UXO survivors in the production of bee products and in the development of social skills through activities such as social interaction among disabled beekeepers, mutual assistance and cooperation in beekeeping, and study visits.
11	Mitigation of Risk through Demarcation and Education	2026	\$ 20,000 [NOT FUNDED] ○○○	The project aims to improve safety and resilience in mine-affected communities of Posavina Canton by reducing mine/ERW risks and promoting community engagement. It will mark newly identified minefields in Odžak and run an awareness campaign to encourage local participation.
12	Empowering landmine survivors for a sustainable future – Phase 2	2026	\$ 25,000 [NOT FUNDED] ○○○	The project aims to empower landmine survivors in Brčko District and Posavina Canton to use green energy for community well-being, generating economic and social benefits for their families and neighbors. It will also enhance the visibility of survivors and their families.
13	Sarajevo Open 2026 »International Tournament in Sitting Volleyball for Men«	2026	\$ 25,000 [NOT FUNDED] ○○○	The project aims to organize a Sitting Volleyball Tournament in Sarajevo, hosted by Sitting Volleyball Club Fantomi (OKI Fantomi), to promote the sport nationally and internationally while raising awareness of mine and ERW dangers and the importance of mine action.

## MONTENEGRO

14	Conventional Weapons Destruction and Physical Security and Stockpile Management (MNE MoD and Mol)	2026–2027	\$ 3,000,000 [NOT FUNDED] ○○○	The goal of the project is to increase human security and thus decrease direct threat to people, property and the environment by assisting the Government of Montenegro (MoD and Mol) in facilitating various conventional weapons destruction (CWD) activities, including stockpile reduction and stockpile security and stockpile management (PSSM).
15	Capacity Support with Required Technical Equipment (MNE MoD and Mol)	2026–2027	\$ 600,000 [NOT FUNDED] ○○○	The project aims to support the Ministry of Interior – Department for UXO – by providing technical equipment, personal protective gear, and EOD vehicles to enhance the safety and quality of ERW operations. It will also strengthen the technical capacities of the Ministry of Interior's Emergency Situations Directorate (UXO Section) and the Ministry of Defence to maintain high operational standards.

## NORTH MACEDONIA

16	Regional Strengthening the Capacities of the Army of the Republic of North Macedonia	2023–2026	\$ 9,482,400 [FULLY FUNDED] ●●●	The EPF assistance measure aims at strengthening the capacities of the ARMK, notably by enhancing and upgrading its technical non-lethal equipment. Through the provision of appropriate equipment, the assistance measure will help increase the ARMK's capacity to maintain and enhance operating standards to participate in EU CSDP missions. The proposed support is including logistics, medical equipment, communication and information systems, intelligence capacities, engineering and training equipment.
----	--	-----------	---------------------------------------	---

## SERBIA

17	General Survey / Non-technical survey of Mine Suspected Areas	2026	\$ 300,000 [PARTIALLY FUNDED] ●●○	The project envisages continuation of the Assessment / Non-technical survey on additional Mine Suspected Areas in Municipality of Bujanovac based on new evidence and information from the field and local communities, which should confirm and define the exact new mine suspected areas, which were previously not yet included in SMAC database.
18	Clearance Operations	2026–2027	\$ 2,000,000 [PARTIALLY FUNDED] ●●○	The project envisages clearance of mines / cluster munitions suspected areas. Operations will be conducted on locations identified by Mine Action Centre of Serbia and confirmed by donors. The plan includes also potential newly discovered areas (through NTS project).
19	Support to Mine Action Centre of Serbia (SMAC) with Required Technical Equipment	2026–2027	\$ 300,000 [PARTIALLY FUNDED] ●●○	Within this project the Mine Action Centre of Serbia (MACS) will be supported with upgraded technical capacities required for maintaining good standard of operations.

20	Support to Mine Action Centre of Serbia (SMAC) – SMAC Innovation-Educational Park in Velika Moštanica, with Required Technical Equipment	2026–2027	\$ 300,000 [NOT FUNDED] ○○○	Within this project the Mine Action Centre of Serbia (MACS) will be supported with upgraded technical capacities required for maintaining good standard of activities and trainings in SMAC Education Park in Velika Moštanica.
21	Mine and Cluster Munitions Risk Education	2026–2027	\$ 100,000 [NOT FUNDED] ○○○	The project aims to educate primary school children and residents in mine-risk areas of Serbia on recognizing and avoiding mine hazards. Through field activities and school lectures, participants will gain knowledge, share experiences, and adopt safe practices in mine- and cluster munition-affected areas.
22	Comprehensive Rehabilitation for Mine/ERW Survivors	2026–2027	\$ 200,000 [PARTIALLY FUNDED] ●○○	The project's overall objective is to improve the quality of life and social status of mine and cluster munition victims - and their families - by providing advanced prosthetic limbs, psychological support, and physical rehabilitation services.

## REGIONAL ACTIVITIES

23	Regional Mine Action / ERW Expert Trainings in Mine Action Centre Innovation-Educational Park in Velika Moštanica	2025–2026	\$ 100,000 [NOT FUNDED] ○○○	Promoting exchange of experience, expertise and knowledge in the field of Mine Action among Mine Action Centres' community in SEE. One or multiple trainings.
24	Regional Training in Mine Action Centre of Serbia Innovation – Educational Park in Velika Moštanica	2026–2027	\$ 200,000 [NOT FUNDED] ○○○	Promoting exchange of experience, expertise and knowledge in the field of EOD (including underwater), PSSM and CWD among SEE regional stakeholders / experts and/ or internationally. One or multiple trainings.

## EASTERN EUROPE

\$ 24,327,000

### MOLDOVA

25	Victim assistance, medication distribution and promotion of mental health and well-being	2025–2026	\$ 182,000 [FULLY FUNDED] ●●●	The objective of the proposed activities is to offer medical assistance and provision of essential medication / psychosocial help for Ukrainian children / refugees and their companions in Moldova.
----	--	-----------	-------------------------------------	--

### UKRAINE

26	Strengthening Capacities of Ukraine in Humanitarian Mine Action	2026–2028	\$ 5,000,000 [NOT FUNDED] ○○○	With over 137,000 km <sup>2</sup> of land contaminated by mines and explosive remnants of war (ERW), and a growing toll on civilian lives and livelihoods, there is an urgent need to accelerate and expand demining efforts across Ukraine. This project supports the State Emergency Service of Ukraine and/or State Transport Special Service by enhancing its operational capacity for mine and ERW clearance. It focuses on the provision of essential equipment and technical support to ensure safe and effective clearance operations. In addition to material support, the project contributes to long-term national capacity development through training, broader regional engagement, and alignment with local recovery and stabilization initiatives — fostering a more coordinated, resilient, and sustainable response to explosive contamination.
27	Humanitarian Mine Action Program	2026	\$ 2,500,000 [NOT FUNDED] ○○○	The objective of the project is to assist the Ukrainian people, by identifying the location of ordnance, mark, and record this for future render safe and disposal or removal of ordnance. Affected Ukrainian population will receive also EORE, in order to prevent any additional mine, ERW or UXO victims. Cooperation includes local mine action partners and Ministry of Economy of Ukraine.
28	Ukraine's Humanitarian Demining Information Management	2026–2028	\$ 6,000,000 [NOT FUNDED] ○○○	When the Government of Ukraine was reviewing options for an information management system to support humanitarian demining, it became clear that the country's needs required a fundamentally more advanced and responsive solution. MoE of Ukraine developed GRIT platform, which combines streams of data from different sources to evaluate and prioritize lands for demining based on economic, social, environmental, and safety criteria. The goal of the project is to use it across whole Ukraine and to enhance the prioritization capacity of mine action tasking in Ukraine, ensuring more effective and evidence-based resource allocation. The project would be based on partnership with Ministry of Economy of Ukraine and Center for Humanitarian Demining.

29	Humanitarian Demining Training in Ukraine	2025–2026	\$ 220,000 [FULLY FUNDED] 	<p>This project aims to support the reintegration of 20 war veterans by providing them with specialized training in humanitarian mine action. Through targeted capacity building, the veterans will gain the technical knowledge and practical skills needed for safe and effective participation in demining activities. The initiative not only addresses critical workforce needs in mine action but also creates meaningful employment pathways for veterans, leveraging their experience to contribute to civilian safety and national recovery.</p>
30	Medical Rehabilitation of Victims of Armed Conflict	2025–2026	\$ 1,00,000 [PARTIALLY FUNDED] 	<p>The objective is to provide medical treatment and rehabilitation for 50 victims of Russian aggression on Ukraine. Victims, coming from the conflict affected areas in Ukraine, will receive adequate treatment at that will improve the health and general wellbeing. They will be also equipped with all the necessary medical devices (prosthesis, orthosis, wheelchairs, crutches, etc.). This will improve their level of physical health, decrease stress and trauma, which will enable them to participate in social and economic activities. Ultimately, this will reinstate them as equal and full members of their society.</p>
31	Mine Action in Ukraine – ITF Office in Kyiv	2025–2026	\$ 525,000 [FULLY FUNDED] 	<p>The purpose of the project is to support operations of ITF Implementation Office in Kyiv, Ukraine. This enables the direct presence of ITF in Ukraine and integrated approach of ITF in humanitarian mine action with national and local stakeholders in Ukraine (MoD, MoH, SESU, STSS, NMAA, UNDO, Mine Action Cluster, etc.). In addition, the project aims at improving the medical and rehabilitation capabilities of Ukrainian health centres and hospitals with training of 250 health personnel through the specialized institution (University Rehabilitation Institute of Republic of Slovenia).</p>
32	Psychosocial Rehabilitation of Victims of War	2025–2026	\$ 500,000 [PARTIALLY FUNDED] 	<p>The project aims to provide psychosocial support to all children and adults, including refugees and those affected by the war in Ukraine. Local mental health professionals will assist children either in classrooms or through psychosocial summer camps in Ukraine. By establishing safe spaces and delivering structured psychosocial activities, it addresses acute emotional distress and builds resilience among vulnerable children. The initiative also invests in local capacity by training educators, social workers, and psychologists, embedding MHPSS into existing child protection systems. Through strategic coordination with local institutions, the project supports a scalable, community-based model for child mental health response and recovery in southern Ukraine.</p>
33	Capacity Building of the Ukrainian Rehabilitation Capabilities	2026–2027	\$ 1,000,000 [NOT FUNDED] 	<p>Provision of medical and rehabilitation equipment and training of staff of the Ukrainian Rehabilitation Capabilities that will enhance the services of medical assistance and treatment.</p>

34	Conducting a Training Session for the Ukrainian Women's National Team for Sitting Volleyball	2026	\$ 50,000 [NOT FUNDED] ○○○	In collaboration with the Paralympic Committee and Volleyball Federation of Slovenia, the project will host the Ukrainian women's sitting volleyball team in Braslovče, Slovenia for a 10-day training camp. The team will train alongside the Slovenian team and receive psychological support and social activities to help address war-related trauma.
35	Beekeeping as empowerment tool for people with disabilities	2026	\$ 50,000 [NOT FUNDED] ○○○	The project aims to empower Ukrainian beekeepers affected by armed conflict with knowledge to improve the efficiency, effectiveness, and profitability of their practices. It is modeled on a successful initiative where Slovenian instructors trained beekeepers from Bosnia and Herzegovina.
36	Strengthening Ukraine's Ammunition Safety and Management Capacity	2026–2028	\$ 6,600,000 [NOT FUNDED] ○○○	This project aims to support the Ukrainian Ministry of Defence in enhancing its ammunition management capacity, with a primary focus on provision of a specialized equipment necessary for assessing and maintaining ammunition safety. It also seeks to build the institutional and technical capabilities of specialized departments and institutions within the MoD to ensure ammunition meets safety standards for storage, handling, and use. Through the provision of equipment, expert training, technical assistance, and procedures development, the project aims to reduce the risks of unplanned explosions, improve stockpile safety, and contribute to overall operational readiness and security.

## REGIONAL ACTIVITIES

37	Children's Resilience Network Pilot Project	2026–2027	\$ 700,000 [NOT FUNDED] ○○○	The pilot project will introduce school- and community-based psycho-social support programs in two regions of Ukraine and one in Moldova. Each NGO partner will work with 10 primary schools, reaching up to 10,000 children in total. Activities include an initial exchange and training event, the development of local implementation plans, the roll-out of PSS programs in three regions, and a final evaluation and strategy.
----	---	-----------	-----------------------------------	--

# SOUTH CAUCASUS

## \$ 7,550,000

### ARMENIA

38	Psychosocial Rehabilitation of Armenian Children, Victims of Armed Conflict	2025–2026	\$ 90,000 [FULLY FUNDED] ●●●	The goal of this project is Psychosocial Rehabilitation of Armenian Children, Victims of Armed Conflict between Armenia and Azerbaijan. Up to 36 children from Armenia that were affected by last conflict and 6 companions will participate at one-week Psychosocial Rehabilitation program in Slovenia which will contribute to their reintegration into the community.
39	Mental Health and Psychosocial Assistance to Mothers of Victims of Armed Conflict	2025–2026	\$ 110,000 [FULLY FUNDED] ●●●	The goal of this project is mental health and psychosocial assistance to mothers of victims of armed conflict. Up to 25 mothers from Armenia that were affected by last conflict at two-week program which will contribute to their mental health and to train up to five psychologists from Armenia in the field of psychosocial support, enabling them to more effectively provide psychosocial assistance in their own country.

### AZERBAIJAN

40	Empowering female family members of landmine casualties through establishing small businesses	2025–2026	\$ 50,000 [FULLY FUNDED] ●●●	In conflict-affected regions, most women lack employment and depend on male family members. This project aims to support the economic reintegration of female landmine survivors and female relatives of landmine victims by providing interest-free loans to promote rural socio-economic development, entrepreneurship, and self-sufficiency. It will assist a group of six women from rural areas.
41	Capacity support to Azerbaijan National Agency for Mine Action (ANAMA)	2026–2027	\$ 2,000,000 [NOT FUNDED] ○○○	The project will strengthen the Azerbaijan National Agency for Mine Action (ANAMA) by enhancing its operational, technical, and institutional capacity. Overall, this capacity support will enhance ANAMA's ability to safely and efficiently conduct demining operations, reduce risks to affected populations, and contribute to Azerbaijan's broader goals of post-conflict recovery and socio-economic development.

### GEORGIA

42	Destruction of Outdated and Obsolete Weapons and Ammunition	2021–2026	\$ 5,300,000 [FULLY FUNDED] ●●●	Threats to human security are reduced through disposal of outdated and hazardous for storage artillery ammunition. Application of the industrial method enables provides low risks, recycling of materials and low impact on the environment. Furthermore, development of a sustainable solution for Georgia enables future national ownership and capacity to deal with the issue in the future.
----	---	-----------	---------------------------------------	---

# CENTRAL ASIA

## \$ 27,740,000

### AFGHANISTAN

43	Capacity Support to UNMAS/ UN-Mine Action Technical Cell	2026	\$ 950,000 [NOT FUNDED] ○○○	The objective of this project is to support sustainable capabilities for overseeing/ monitoring of Mine Action activities in Afghanistan through the support of UN Mine Action Technical Cell.
44	Victim Assistance	2026	\$ 950,000 [NOT FUNDED] ○○○	The overall goal is to conduct emergency activities to support landmine survivors through physical rehabilitation, psychological support, and EORE sessions, with specific focus on survivors of explosive ordnance; and enhance quality and availability of prosthetics and orthotics service delivery to strengthen the resilience of underserved and hard-to-reach communities.
45	Humanitarian Support in the Field of Rehabilitation/Health Sector – MDC Polyclinic in Kabul	2026	\$ 150,000 [FULLY FUNDED] ●●●	Local communities shall be assisted in free access to basic health services and being able to provide medical services to marginalized social groups (women, children and war victims). Thereby, the needs in accessing quality rehabilitation services for victims in Afghanistan will be met.

### KAZAKHSTAN

46	Enhancing Industrial Demilitarization and Ammunition Surveillance Capacities	2021–2026	\$ 500,000 [FULLY FUNDED] ●●●	Guidance on proper storage and disposal procedures is given to the host nation CWD and PSSM programs, with experts present on site. This benefits the improvement of SOPs and reduces risks to disposal and storage of weapons and ammunition.
47	Destruction of Weapons and Ammunition	2021–2028	\$ 15,000,000 [PARTIALLY FUNDED] ●●○	Outdated and dangerous for storage ammunition is destroyed using industrial demilitarization method, preserving the environment, recycling the materials, and reducing the risks of unplanned explosions.
48	Establishment of Ammunition Testing Laboratory	2025–2026	\$ 1,200,000 [PARTIALLY FUNDED] ●●○	Expansion of current laboratory capacity with modern testing instruments (thermal stability, vibration, chemical composition) for full compliance with IATG 07.20.

## KYRGYZ REPUBLIC

49	Destruction of Weapons and Ammunition – Phase 7	2021–2026	\$ 4,500,000 [PARTIALLY FUNDED] 	Outdated and dangerous for storage ammunition is destroyed using industrial demilitarization method, preserving the environment, recycling the materials, and reducing the risks of unplanned explosions.
50	Physical Security and Stockpile Management	2026	\$ 2,500,000 [NOT FUNDED] 	Security and safety of weapons and ammunition warehouses in Kyrgyz Republic is improved through renovation, construction, and implementation of new operating procedures.
51	Disposal of Small Arms and Light Weapons	2026	\$ 230,000 [NOT FUNDED] 	Capacity for disposal of small arms and light weapons is established with high accountability systems and no environmental impact.
52	Disposal of Engineering Explosives	2026	\$ 50,000 [NOT FUNDED] 	A total sum of around 2,400 landmines are inventoried and destroyed. This brings Kyrgyz Republic closer to achieving the free of landmines status.
53	Capacity Building for EOD Teams	2026	\$ 120,000 [NOT FUNDED] 	The engineering department of the Kyrgyz State Security Service is the first respondent in the case of perceived explosive treats and IEDs. They require basic protective equipment.
54	Inventory and Categorization of Ammunition Stockpiles	2026	\$ 250,000 [FULLY FUNDED] 	Comprehensive physical inventory of all ammunition depots across military branches, establishing accountability, assessing shelf life, and prioritizing items for disposal or retention.
55	Chemical Ammunition and Propellant Disposal	2026	\$ 300,000 [PARTIALLY FUNDED] 	Implementation of a separate disposal process for chemical propellants and agents found during inventory, applying environmentally responsible neutralization methods.
56	Development of Ammunition Storage Management System (“Yellow Book”)	2025–2026	\$ 80,000 [FULLY FUNDED] 	Digital and physical manual for the registration, management, and traceability of ammunition stockpiles. This aligns with ongoing planning sessions with MOD.
57	Environmental Impact Mitigation in Disposal Activities	2026	\$ 80,000 [NOT FUNDED] 	Introduction of environmental baseline monitoring and post-detonation sampling to ensure compliance with environmental standards and minimize pollution risks.
58	Construction of Barbed-Wire Production Facility	2026	\$ 180,000 [NOT FUNDED] 	Local production of barbed wire and related fencing materials for PSSM upgrades and perimeter security improvements at MOD storage sites.

59	Mobile Demilitarization Unit Feasibility Study	2026	\$ 70,000 [NOT FUNDED] ○○○	Feasibility study for mobile disposal units that can process small-caliber ammunition and explosives at remote or temporary storage sites, reducing transport risks.
----	--	------	----------------------------------	--

## MONGOLIA

60	Assessment and Optimization of CWD and PSSM Activities	2026	\$ 120,000 [NOT FUNDED] ○○○	Comprehensive assessment of Mongolia's existing Conventional Weapons Destruction (CWD) and Physical Security and Stockpile Management (PSSM) framework. ITF will analyze disposal procedures, infrastructure, and management practices, producing recommendations and an implementation roadmap aligned with IATG standards. This activity will serve as the basis for future donor-funded CWD/PSSM capacity-building projects.
----	--	------	-----------------------------------	---

## TAJIKISTAN

61	Assessment and Optimization of CWD and PSSM Activities	2026	\$ 110,000 [NOT FUNDED] ○○○	Evaluation of Tajikistan's national ammunition management system and identification of urgent safety and security gaps. The activity will result in a detailed report and prioritized action plan for improving CWD and PSSM procedures, storage infrastructure, and personnel capacity. Findings will guide follow-on interventions to reduce the risk of unplanned explosions and enhance national ownership of stockpile safety.
----	--	------	-----------------------------------	---

## REGIONAL ACTIVITIES

62	Technical Cooperation on Enhancing Physical Security, Stockpile Management and Demilitarization Capacities in Central Asia	2026	\$ 100,000 [NOT FUNDED] ○○○	A safer environment for population of Central Asia is ensured through exchange of experience and best practices obtained through the successful project of conventional weapons destruction project in Kyrgyz Republic and obtained experience ranging of Soviet armaments. The best practices are showcased to other participating Central Asian delegations.
63	Cyber Security Train-the-Trainers and Public Workshops	2026	\$ 250,000 [NOT FUNDED] ○○○	Train-the-trainers through a series of workshops on cyber security, cyber hygiene and writing of safe code.
64	Regional CWD and PSSM Knowledge Exchange (KZ-KG)	2026	\$ 50,000 [NOT FUNDED] ○○○	Establishment of a joint training and exchange framework between Kazakhstan and Kyrgyz Republic MODs to harmonize disposal methodologies and regional safety standards.

# MIDDLE EAST

## \$ 28,616,926

### PALESTINE\*

*\*In accordance with Slovenia's recognition on 4 June 2024 of State of Palestine.*

65	Emergency Aid and Empowering Palestinian Victims of War	2025–2027	\$ 2,400,000 [PARTIALLY FUNDED] 	The main objective of the project is to alleviate the humanitarian suffering and psychological trauma of vulnerable civilians in the Gaza Strip by providing life-saving aid, essential services, and psychosocial support to displaced families, children, women, and other affected groups. Activities include the distribution of essential supplies, WASH, shelter, and nutrition assistance, as well as psychosocial support through trauma counselling, training for local mental health workers, and community support initiatives.
66	Rehabilitation specialists training and equipment/supplies support to Rehabilitation Centre in Bethlehem	2025–2027	\$ 1,300,000 [PARTIALLY FUNDED] 	ITF developed this project to improve rehabilitation services for victims of the Israeli-Palestinian conflict and to provide technical assistance and specialized training for rehabilitation professionals from the West Bank. Training will be conducted by experts from the University Rehabilitation Institute of the Republic of Slovenia (URI Soča), and the project will also fund rehabilitation equipment/supplies for the centre in Bethlehem.
67	Psychosocial Adaptation and Resilience Program for Women and Children	2025–2026	\$ 80,000 [FULLY FUNDED] 	Implemented by ITF in cooperation with Dr. Thawra Ahmad Enjass and the NGO Women of the Sun, the project supports Palestinian women and children in coping with trauma. Workshops will provide practical tools for psychological adaptation, resilience, and stress management. Through interactive sessions, women will learn to process trauma and strengthen psychosocial well-being, while a dedicated workshop for over 100 children will offer psychological support and recreational activities to reduce anxiety and stress.
68	Quality Assurance and Quality Control (QA/QC) of West Bank	2021–2027	\$ 2,236,926 [FULLY FUNDED] 	The objective of the activities is to provide QA/QC activities on demining work in the West Bank in order to certify accordance with International Mine Action Standards (IMAS) so that formerly mined land no longer threatens the lives of the local population.

### IRAQ

69	Survey and Clearance of Minefields in Southern Iraq	2026	\$ 1,500,000 [NOT FUNDED] 	The goal of this project is to increase civilian population's security by protecting lives in southern areas of Iraq, impacted by mines, ERW and cluster munitions. This shall be accomplished by implementing technical survey and clearance of mines, ERW and cluster munitions. Precise locations are to be determined in coordination with Iraqi authorities.
----	---	------	---	---

70	Mine and ERW Victim Assistance Program in Iraq	2026	\$ 150,000 [NOT FUNDED] ○○○	This program aims to provide high-quality prosthetic limbs (above and below the knee) and other medical and psychosocial support to female and male mine or ERW survivors in the Republic of Iraq, especially in southern parts of the country.
71	Demining Operations Support in Iraqi Kurdistan Region	2026–2027	\$ 800,000 [PARTIALLY FUNDED] ●●○	The goal of this project is to support the deployment of Iraqi Kurdistan Mine Action Agency's demining teams to clear minefields and remove the threat of mines and UXO in the Kurdistan Region of Iraq as determined in cooperation with the relevant authorities and in accordance with local prioritization principles. Through the continuation of the project implemented since 2022, local populations will benefit from the cleared land and be able to use the cleared area for various activities (pasture, grape growing, herbal gardening, tourism or infrastructure development).
72	Capacity Support to Iraqi Kurdistan Mine Action Agency	2026	\$ 500,000 [NOT FUNDED] ○○○	Iraqi Kurdistan Mine Action Agency's capacities have been underserved and need support in terms of equipment, supplies and staff training in order to increase the efficiency and quality of the mine action program in Iraqi Kurdistan.
73	Physical and Socio-Economic Rehabilitation and Reintegration of Mine/UXO victims and Other People with Disabilities in Iraqi Kurdistan Region	2026	\$ 350,000 [NOT FUNDED] ○○○	This set of activities aims to support mine and UXO victims and other PwDs by providing physical and socio-economic rehabilitation and reintegration activities in order to help them stand on their own feet and be productive individuals. Activities are to be implemented in cooperation with Diana Prosthetic Limbs Centre (DPLC) and also aim to strengthen their organizational capacity.

## JORDAN

74	Capacity Support to National Committee for Demining and Rehabilitation – NCDR	2026	\$ 350,000 [NOT FUNDED] ○○○	Following consultations with the Jordanian National Committee for Demining and Rehabilitation (NCDR), a need for training in mine action was identified in Jordan. NCDR highlighted a specific requirement for Level I Explosive Ordnance Disposal (EOD) training. The planned project will support NCDR in delivering this training independently using their own instructors, strengthening the national capacity for safe and effective mine action operations.

## LEBANON

75	Addressing Mine Action and other ERW Contamination in Lebanon	2025–2026	\$ 1,500,000 [PARTIALLY FUNDED] ●●○	The aim of this project is to ensure that landmines, UXO and other ERW no longer expose civilians to unacceptable risk or prevent economic, social and political development in Lebanon. In addition, victims of conflict will receive rehabilitation services, medical support or will benefit from psychosocial assistance, which will make a significant difference in their lives and entire family as well as contribute to their reintegration into the community.
----	---	-----------	---	--

76	Addressing the Needs of Vulnerable Groups in Lebanon	2026	\$ 300,000 [NOT FUNDED] ○○○	The project addresses the urgent health, psychosocial and economic needs of conflict victims in Lebanon (including women and children). Recipients will be selected in cooperation with the local community on the basis of priority lists and needs assessment, and the implemented activities will help improve the overall quality of life of individuals involved and facilitate their reintegration into social, political and economic life.
77	Capacity Support to Lebanese Mine Action Center (LMAC)	2022–2027	\$ 2,000,000 [FULLY FUNDED] ●●●	Due to a severe economic crisis in Lebanon, Lebanese Mine Action Center (LMAC) has been underserved and is in urgent need of capacity support in terms of equipment, supplies and staff training, in order to sustain the national mine action program.
78	LAF EOD Capacity Support	2025–2027	\$ 1,500,000 [FULLY FUNDED] ●●●	Similarly, the LAF Engineering Regiment is in urgent need of capacity support in terms of equipment, supplies and staff training, in order to address the EOD needs in the country.
<b>SYRIA</b>				
79	Localization of Humanitarian Mine Action Response in Northeast Syria – Phase IV	2026 – 2027	\$ 2,000,000 [PARTIALLY FUNDED] ●●○○	The project provides a humanitarian mine action (HMA) response on agricultural land and infrastructure contaminated with explosive hazards in NES. This includes EORE, NTS, TS, and clearance operations in prioritized communities, coordinated with local authorities through participatory processes, with specific focus on agricultural land to support the development of livelihood opportunities. At the same time, the project strengthens the organizational and technical capacity of a local HMA NGO to effectively implement operations and manage projects in NES's demining sector.
80	Clear to Grow: Integrated Mine Action and Food Security Efforts in Northeast Syria	2026–2029	\$ 5,000,000 [PARTIALLY FUNDED] ●●○○	This project aims to address the dual needs for mine clearance and agricultural support in Northeast Syria (NES) through a localized approach. By clearing agricultural land of explosive hazards and restoring farming activities, the project enhances both safety and livelihood opportunities for conflict-affected communities experiencing high levels of food insecurity. Local partners will play a central role in implementation, ensuring that operations are culturally sensitive and sustainable.
81	Enhancing Food Security and Agricultural Recovery of Recently Cleared Areas of Northeast Syria	2026	\$ 1,000,000 [NOT FUNDED] ○○○	The project builds on the previous phases of explosive hazards clearance and explosive ordnance risk education. The primary objective is to implement a comprehensive agricultural and rural economy recovery program in recently cleared arable areas.

82	Humanitarian Mine Action Response in Syria	2026	\$ 1,000,000 [NOT FUNDED] ○○○	The project aims to enhance the safety and resilience of communities affected by explosive hazards in Syria through a flexible humanitarian mine action response. Activities may include clearance, risk education, capacity development, and technical support, adapted to local needs and evolving risks. The project seeks to reduce the impact of explosive hazards while strengthening local capacities for safer, more resilient communities.
83	Empowering Beekeepers in Conflict-Affected Communities in Syria	2026	\$ 150,000 [NOT FUNDED] ○○○	The aim of the project is to empower beekeepers in conflict-affected areas of Syria with knowledge and skills that will enhance the sustainability, quality, and productivity of honey production. Through targeted trainings in beekeeping management, marketing, and environmentally sustainable practices, the project seeks to improve livelihoods, support local food security, and contribute to biodiversity protection.
84	Enhancing Victim Assistance Services in Syria through Localized Approaches	2026–2028	\$ 2,500,000 [NOT FUNDED] ○○○	This project aims to enhance the resilience of landmine/EO survivors in Syria through comprehensive, localized victim assistance that integrates medical, psychological, and socio-economic support while strengthening the capacities of Syrian institutions and local actors.

## YEMEN

85	Victim Assistance Support	2026–2028	\$ 2,000,000 [NOT FUNDED] ○○○	The project aims to strengthen the security and resilience of landmine survivors in Yemen through integrated medical, psychological, and socio-economic support while building local institutional capacity. It will start with a nationwide assessment to identify service gaps and priorities. Survivors will receive medical care, prosthetics, rehabilitation, counselling, and child protection support. The project will also promote livelihoods and vocational training, enhance the skills of Artificial Limbs Centers and health professionals in five regions, and raise awareness to reduce stigma and sustain victim assistance.

## LIBYA

86	Capacity Support of Libyan Mine Action Center and Remnants of War in Securing and Eliminating Conventional Weapons	2026	\$ 1,100,000 [PARTIALLY FUNDED] ●○○	The objective of this project is to strengthen national capacities that can address the challenges in the field of risk education and the challenges of mine/ERW clearance operations through the support of Libyan Mine Action Center.
----	--	------	---	---

## SOMALIA

87	Humanitarian Mine Action Activities	2026	\$ 1,500,000 [NOT FUNDED] ○○○	The objective of this project is to strengthen the capacities that can address the challenges in the field of Mine Action.
----	-------------------------------------	------	-------------------------------------	--

## TOGO

88	Capacity Support to Togolese Navy	2026–2028	\$ 5,809,100 [NOT FUNDED] ○○○	The objective of this project is the support of the Togolese Navy, in the context of its commitment to maritime security in the framework of the Yaoundé Architecture. The project aims to equip and train Togolese Navy to be able to independently patrol national waters and implement the 2050 AIMS (African Integrated Maritime Strategy). Togo focuses on improving maritime security to protect its coast and the broader Gulf of Guinea by addressing piracy, armed robbery, and illegal activities like smuggling and illegal, unreported and unregulated (IUU) fishing.
