Offeror shall not be considered eligible if: (Ethics Clauses)

1. Any attempt by a candidate or Offeror to obtain confidential information, enter into unlawful agreements with competitors or influence the Commission or the Contracting Authority during the process of examining, clarifying, evaluating and comparing offers will lead to the rejection of his candidacy or offer and may result in administrative penalties.
2. Without the Contracting Authority's prior written authorization, a Contractor and his staff or any other company with which the Contractor is associated or linked may not, even on an ancillary or subcontracting basis, perform other services, carry out works or supply equipment for the project. This prohibition also applies to any other projects that could, owing to the nature of the contract, give rise to a conflict of interest on the part of the Contractor.
3. When putting forward a candidacy or offer, the candidate or Offeror must declare that, he is affected by no potential conflict of interest, and that he has no particular link with other Offerors or parties involved in the project. Should such a situation arise during performance of the contract, the Contractor must immediately inform the Contracting Authority.
4. The Contractor must at all times act honourably and impartially in accordance with the code of conduct of his profession. He must refrain from making public statements about the project or services without the Contracting Authority's prior approval. He may not commit the Contracting Authority in any way without its prior written consent.
5. For the duration of the contract, the Contractor and his staff must respect human rights and undertake not to violate the political, cultural, and religious mores of the recipient state.
6. The Contractor may accept no payment connected with the contract other than that provided for therein. The Contractor and his staff must not exercise any activity or receive any advantage inconsistent with their obligations to the Contracting Authority.
7. The Contractor shall refrain from any relationship likely to compromise his independence or that of his staff. If the Contractor ceases to be independent, the Contracting Authority may, regardless of injury, terminate the contract without further notice and without the Contractor having any claim to compensation.

8. The Contracting authority reserves the right to suspend or cancel project financing if corrupt practices of any kind are discovered at any stage of the award process. For the purposes of this provision, "corrupt practices" are the offer of a bribe, gift, gratuity or commission to any person as an inducement or reward for performing or refraining from any act relating to the award of a contract or implementation of a contract already concluded with the Contracting Authority.

## 6. General terms
